

WELCOME

To the 12th INTERNATIONAL SCIENTIFIC CONFERENCE

“PERSPECTIVES IN PHYSICAL EDUCATION AND SPORT”

MAY 18-19, 2012, Constanta, Romania

12th International Scientific Conference will be hosted in Ovidius University of Constanta, Faculty of Physical Education and Sport, about 240 km S-E from the Romanian capital Bucharest.

We have the pleasure and honor to invite you with the same joy to our annual conference. The main objective of this International Conference is to reunite physical education and sport teachers, physicians in sports medicine, psychologists, nutritionists, coaches or any other specialists related to the sport domain from Europe, America, Asia, Africa, to share the new scientific interests in physical education and sport and to discover new ways of augmenting our scientific activities in the current European and global context. Regarding the articles dedicated to research and experimental studies, they concern: the augmentation of Sport Theory and Methodology, Physical Education, Training Theory, Sports Management and Marketing, Kinetotherapy, Sport for all, Sport and health.

We are looking forward to receiving you at our conference!

President of Conference,

Prof. univ. dr. George STANCULESCU
